

Notice to All Bidders

Ministry of the Solicitor General

NOTICE TO ALL PROSPECTIVE BIDDERS – Addendum Issued: **December 9, 2024**

ADDENDUM No.7

Request for Bids (RFB): # OPP-1984 / Tender# 20070

For:

For Supply and Delivery of Ammunition

RFB Closing Date: January 13th, 2025, at 11:00:00 a.m. (Toronto time).

As per Section 1.3.1 of Part 4 (Terms and Conditions) of the above noted RFB, Bidders are reminded that this Addendum #5 shall form an integral part of the RFB. Bidders are responsible for obtaining all addenda issued by the Ministry on Ontario Tender Portal (<https://ontariotenders.app.jaggaer.com>)

#	Part A: Questions and Answers
Q1	Line-Item No. 3: .223 Rem, Frangible Ammunition (Training) QUESTION: As an industry standard, frangible ammunition is not able to be sealed due to the frangible projectile being porous and the sealant being absorbed into the projectile. With this being an issue, would OPP consider a non-sealed frangible option?
A1	The Ministry will prefer "sealed primer only" for frangible ammunition. Non sealed primer will also be accepted. The Specifications for Category A Ammunition, Line-Item No. 3 (Attachment 3 PR-8310-OPP-2TF 223 Frangible_Final) have been amended. See Amendment No. 12
Q2	Line-Item No. 13: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) Rifled Slug (Duty) Line-Item No. 14: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic

	Body, 438 grain (1oz.) Rifled Slug (Reduced Recoil) (Duty) QUESTION: Due to the composition of the load in a shotgun hull, we do not recommend sealing, due to a potential of adding debris into the barrel which could cause a catastrophic failure. Would OPP consider a non-sealed or primer sealed only option?
A2	The Ministry will prefer "sealed primer only" for Line-item No. 13 and Line-Item no. 14. Non sealed primer will also be accepted. The Specifications for Line-Item No. 13 (Attachment 9 PR-8310-OPP-3DSP-A_12g_Slug_Duty_SV_Final) have been amended. See Amendment No. 13 The Specifications for Line-Item No. 14 (Attachment 10 PR-8310-OPP-3D-A_12g_Slug_Duty_RR_Final) have been amended. See Amendment No. 14
Q3	Line-Item No. 16: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) 00 Buckshot (Duty) Line-Item No. 17: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) 00 Buckshot (Reduced Recoil) (Duty) QUESTION: Due to the composition of the load in a shotgun hull, we do not recommend sealing, due to a potential of adding debris into the barrel which could cause a catastrophic failure. Would OPP consider a non-sealed or primer sealed only option?
A3	The Ministry will prefer "sealed primer only" for Line-item No. 16 and Line-Item no. 17. Non sealed primer will also be accepted. The Specifications for Line-Item No. 16 (Attachment 12 PR-8310-OPP-3DSP-B_12g_00_Duty_SV_GD_Final) have been amended. See Amendment No. 15 The Specifications for Line-Item No. 17 (Attachment 13 PR-8310-OPP-3D-B_12g_00_Duty_RR_Final) have been amended. See Amendment No. 16
Q4	Line-Item No. 21: 9mm Luger, Lead free, Frangible Ammunition (Training) QUESTION: As an industry standard, frangible ammunition is not able to be sealed due to the frangible projectile being porous and the sealant being absorbed into the projectile. With this being an issue, would OPP consider a non-sealed frangible option?
A4	The Ministry will consider "sealed primer only" for Line-item No. 21. Non sealed primer will also be accepted. The Specifications for Line-Item No. 21 (Attachment 17 PR-8310-OPP-1TF_9mm Frangible_Final) have been amended. See Amendment No. 17
Q5	should data provided in LOT/DAY CODE numbers: Lot 1 and Lot 2 be for the samples provided or can it be for different production lots?

A5	Lot numbers shall represent the samples being provided for testing and shall be from different production Lots.
Q6	For the Exterior ballistics data based on manufacturer's averages we do not have the distances on the table - would but 0, 5 and 50 yards.be acceptable?
A6	Data shall be filled out completely, ballistic calculations is acceptable
Q7	Would an equivalent barrel length to the Glock 17 M be acceptable?
A7	Yes, using an equivalent barrel length to the Glock 17 is acceptable.

Part B: Amendments to the RFB

Amendment No.12

Line-Item No. 3: .223 Rem, Frangible Ammunition (Training), Attachment 3 PR-8310-OPP-2TF 223 Frangible_Final is hereby deleted and replaced with the following:

Updated Attachment 3: 13 Preferred Sealed PR-8310-OPP-2TF 223 Frangible_2025 attached as Schedule 1 to this Addendum No. 7.

Amendment No.13

Line-Item No. 13: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) Rifled Slug (Duty), Attachment 9 PR-8310-OPP-3DSP-A_12g_Slug_Duty_SV_Final is hereby deleted and replaced with the following:

Updated Attachment 3: 12 Preferred Sealed PR-8310-OPP-3DSP-_12g_Slug_Duty_SV_2025 attached as Schedule 2 to this Addendum No. 7.

Amendment No.14

Line-Item No. 14: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) Rifled Slug (Reduced Recoil) (Duty), Attachment 10 PR-8310-OPP-3D-A_12g_Slug_Duty_RR_Final is hereby deleted and replaced with the following:

Updated Attachment 10: 10 Preferred Sealed PR-8310-OPP-3D-A_12g_Slug_Duty_RR_2025 attached as Schedule 3 to this Addendum No. 7.

Amendment No.15

Line-Item No. 16: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) 00 Buckshot (Duty), Attachment 12 PR-8310-OPP-3DSP-B_12g_00_Duty SV_GD_Final is hereby deleted and replaced with the following:

Updated Attachment 12: 7 Preferred Sealed PR-8310-OPP-3DSP-B_12g_00_Duty SV_GD_2025 attached as Schedule 4 to this Addendum No. 7.

Amendment No.16

Line-Item No. 17: 12-gauge Shotgun Ammunition, 70mm (2 ¾") length, Plastic Body, 438 grain (1oz.) 00 Buckshot (Reduced Recoil) (Duty), Attachment 13 PR-8310-OPP-3D-B_12g_00_Duty_RR_Final is hereby deleted and replaced with the following:

Updated Attachment 13: 5 Preferred Sealed PR-8310-OPP-3D-B_12g_00_Duty_RR_2025 attached as Schedule 5 to this Addendum No. 7.

Amendment No.17

Line-Item No. 21: 9mm Luger, Lead free, Frangible Ammunition (Training), Attachment 17 PR-8310-OPP-1TF_9mm Frangible_Final is hereby deleted and replaced with the following:

Updated Attachment 17: 1 Preferred Sealed PR-8310-OPP-1TF_9mm Frangible_2025 attached as Schedule 6 to this Addendum No. 7.

Amendment No.18

The following two (2) NEW line-items are added to Part 9 – Category B Pricing Form as follows:

Line Item 29:

Category "B" - 9mm Ammunition Pricing Form in CAN\$					
Line Item # and Attachment #	Caliber	Type		Bid:	
Line Item 29	9mm Luger	Training, lead components permitted		Manufacturer Name & Product Code#	
				Unit Price	
		Estimated Requirements : Year 1	1,500,000	Unit Price - Year 1	\$ -
		Estimated Requirements : Year 2	1,500,000	Unit Price - Year 2	\$ -
Estimated Requirements : Year 3 - Optional Extension	1,500,000	Unit Price - Year 3 - Optional Extension	\$ -		
Ammunition Pricing will be evaluated on "Cumulative Price per Unit from Years 1-3"					

Line Item 30:

Category "B" - 40 S&W Ammunition Pricing Form in CAN\$							
Line Item # and Attachment #	Caliber	Type		Bid:			
Line Item 30	.40 S&W	Training, lead components permitted		Manufacturer Name & Product Code#			
				Unit Price			
				Estimated Requirements : Year 1	1,500,000	Unit Price - Year 1	\$ -
				Estimated Requirements : Year 2	1,500,000	Unit Price - Year 2	\$ -
	Estimated Requirements : Year 3 - Optional Extension	1,500,000	Unit Price - Year 3 - Optional Extension	\$ -			
Ammunition Pricing will be evaluated on "Cumulative Price per Unit from Years 1-3"							

Amendment No.19

The following two (2) NEW line-items are added to APPENDIX A - AMMUNITION REQUIREMENTS AND SPECIFICATIONS Table A2: Category B - Ammunition Requirements as follows:

Commented [LM(1)]: Procurement will update this table to add back in the PCPG requirements.

Commented [ML2R1]: PCPG requirements added

Table A2: Category B - Ammunition Requirements;

Line Item No.	Caliber	Bullet Descriptor				Category Type	Sub-Category Type (if applicable)	Special Instructions/Notes
		Primary	Secondary	Construction	Bullet Weight(s)			
29	9mm Luger	Nil	Nil	Nil	115-147gr	Training	Lead components permitted	Cost effective variant of duty round for training (match trajectory of duty round(s) submitted)
30	40 S&W	Jacketed	Nil	Nil	155-180gr	Training	Lead Components Permitted	Cost effective variant of duty round for training (match trajectory of duty round(s) submitted)

Amendment No.20

The following two (2) NEW line-items are added to 1.3 Mandatory Eligibility Requirements as follows:

1.3.106 Category B, Line item # 29 for: 9mm Luger Manufacturer or Authorized Distributor

For each Bid that the Bidder is submitting for Category B – the Bidder is required to, either:

- (a) upload a letter from the manufacturer of the proposed ammunition confirming that the Bidder is authorised to sell their proposed Category B - 9mm Luger; or
- (b) if the Bidder is the manufacturer of the proposed ammunition, the Bidder is required to attach a letter indicating that it is the manufacturer of the proposed Category B - 9mm Luger.

1.3.107 Category B, Line item # 30 for 40 S&W

For each Bid that the Bidder is submitting for Category B – the Bidder is required to, either:

- (a) upload a letter from the manufacturer of the proposed ammunition confirming that the Bidder is authorised to sell their proposed Category B – 40 S&W; or
- (b) if the Bidder is the manufacturer of the proposed ammunition, the Bidder is required to attach a letter indicating that it is the manufacturer of the proposed Category B – 40 S&W.

Bidders that do not demonstrate compliance with this mandatory eligibility requirement may be disqualified and their Bid may not be evaluated further.

Amendment No.21

Procurement Details, Section 1.1.10 Desired Number of Vendors is hereby deleted and replaced with the following:

It is the intention of the Ministry to award multiple contracts for the various Ammunition Calibers.

There are two (2) Categories of Ammunition in this RFB:

1. Category A Ammunition: Consists of twenty-one (21) line items of ammunition; and
2. Category B Ammunition: Consists of thirty (30) line items of ammunition.

There could be up to fifty-one (51) legal entities because each line item in each of Category A Ammunition and Category B Ammunition (total of fifty-one (51) line items) will be evaluated and awarded separately.

See APPENDIX A - AMMUNITION REQUIREMENTS AND SPECIFICATIONS in Part 3 - The Deliverables for information about each ammunition product and to ensure their proposed Deliverable(s) meet all of the applicable requirements identified in the RFB.

Amendment No.22

1.3 Mandatory Eligibility Requirements, Section 1.3.8 Category B Only is hereby deleted and replaced with the following:

Category B Ammunition consists of eight (8) Calibers:

1. .223 Rem;
2. .308 Win;
3. .338 LM;
4. .40 S&W;
5. 12g;
6. 38/357 marking cartridges;
7. 5.56mm; and
8. 9mm

Each Caliber of Ammunition consists of different types for a total of 30 line items of Category B Ammunition.

Requirements for Category B Ammunition line items 1 – 30 are in Part 3 – The Deliverables, including Appendix A, Table A2: Category B – Ammunition Requirements.

Bidders should refer to the Sporting Arms and Ammunition Manufacturers Institute (SAAMI) for the recommended guidelines.

Bidders should visit the Sporting Arms and Ammunition Manufacturers Institute for the recommended guidelines

Does the Bidder certify that the Category B ammunition for which they are submitting a Bid, meets the Ministry requirements, and SAAMI, CIP or NATO/EPVAT recommended guidelines as set out in Part 3 – The Deliverables, including Appendix A, Table A2: Category B - Ammunition Requirements?

Bidders that do not respond “yes” to this mandatory eligibility requirement will be disqualified and their Bid will not be evaluated further.

[End of Addendum #7]
